1. Cut your background sheet to fit your album page.
2. Loosely arrange your photos on the page. Leave room for a title.
3. Trim or contour your photos to emphasize the subject of the photos.
4. Create mats for your photos (using your coordinating solid-colored paper) that are slightly larger than your photos. You can use decorative scissors to trim your photo mats.
5. Apply stickers to the background (bubble stickers shown here).
6. Apply or glue your page borders.
7. Glue your photos to the appropriate mat, then glue each mat to the background page.
8. Add your captions.
9. Adhere background sheet to album page.
10. Insert your finished page into your sheet protector. Now you're ready to place it in your album!
