

AMISTAD ACADEMY

School-Student-Parent Contract

Amistad Academy is a partnership between parents, students, teachers, and staff to provide the best possible education for our students. In order to achieve our ambitious goals, we must all make a commitment to working together.

Pledge by the school

We will offer a high-quality education for all of our students. Teachers and other staff will work hard to challenge and support our students as they REACH for their personal best – both as students and as citizens. We know that what we do every day will dramatically impact the options that our students have in life, especially whether they go to college, and we promise to take this responsibility seriously.

Every member of the Academy staff will demonstrate the highest standards of professionalism and will serve as role models of the school's REACH values. Teachers will always be prepared for class and will continually engage students in the hard work that paves the way for success in high school, college, and life. We promise to hold each other accountable for the quality of the instructional program and for student progress.

We promise to appreciate, support, and respect every student. Each student will be assigned two teacher-Advisors to oversee the child's individual needs and progress within the school. No child at Amistad Academy will fall through the cracks.

We promise to communicate regularly with parents about their child's progress. We will return parent phone calls within 24 hours. At least two times a year, we will host Report Card Nights when teachers will be available to discuss student progress with parents. Half way through each grading period, we will send home academic Progress Reports to every student. We will respectfully work with parents, seeking their input and problem-solving with them to serve students more effectively.

We are fully committed to the extended school day and Summer Academy schedule. Our students will have the time they need to improve their knowledge, skills, and REACH behavior.

Teachers will assign productive, worthwhile homework each night to reinforce and support skills and concepts learned in class.

We will enforce Amistad Academy's REACH values consistently and fairly. When students are detained or suspended, or when students deserve recognition for their accomplishments, we will inform their parents promptly and fully.
