

Location Data Sheet

Directions: Please fill out the following information for the location at which you are volunteering. This information will be used later when completing the report to submit your Volunteer Supervisor.

Volunteer Position: Predator Protector volunteer

Before you begin your volunteer job, please make a hypothesis:
What types of threats do you think your sharks will encounter?

Sharks are known as "top predators." How do you think ocean ecosystems are affected when large numbers of sharks are missing from the food web?

Destination Information
