C O N F I D E N T I A L

To the Management Contacts of Companies Sponsoring
the Vinyl Chloride Research Program
and the
Technical Task Group on Vinyl Chloride Research

Subject: Vinyl Chloride Research Program

Dear Sirs:

It will be apparent from the enclosed notes on our meeting with NIOSH on July 17 that the presentation was well received and appreciated, and that further word about the investigative program will be welcomed from time to time as it proceeds.

I'm sure I have spoken for all of you in thanking Dr. Duffield most sincerely for taking part, with regret that eleventh-hour interferences prevented Dr. Garlanda from being present, also.

It was Dr. Duffield's clear impression that, as of July 13, only the U. K. Government had been apprised of the European Group project.

Cordially,

George E. Best
