

AFRICAN AMERICAN LIVES

My Life, My History

Create a timeline of your life. Start by numbering the timeline from left to right, beginning with the year of your birth. Next, use the boxes linked to the years to record important events in your life (you do not necessarily need to fill all the boxes).

The form consists of a central horizontal timeline with 15 boxes. The boxes alternate in color: white, gray, white, gray, white, gray, white, gray, white, gray, white, gray, white, gray, white. Above the timeline, there are eight large empty rectangular boxes, each connected to the timeline by a vertical line. Below the timeline, there are seven large empty rectangular boxes, each connected to the timeline by a vertical line.
