Choose one image from the class assignment, and respond to the questions below.

Which image did you choose?

Who is the photographer?

Where was it published or shared?

In what year was it taken?

What other historical events were happening in this decade/time period? Cite at least 5 examples of events, such as conflicts, presidential elections, other political movements, immigration, technological advancements, or other changes that could impact society at the time.

1. 

2. 

3. 

4. 

5.
Describe the photograph, including who is in it, where they are, what is happening in the image, and how at least one of the subjects seems to be feeling or responding to the situation.

In your opinion, what influence did this particular image have on history? Did it promote a change in society? Be specific about the impact this image had on others, and why.

Research Question: What, if any, impact did being a part of this photograph have on the life of the person or people in it? How was their impacted by being a part of this image? If you used a resource, such as web site or a book, to find out more, include the name of your source.
